

HHC

Yeah, "Forward."

You call those shiny?!

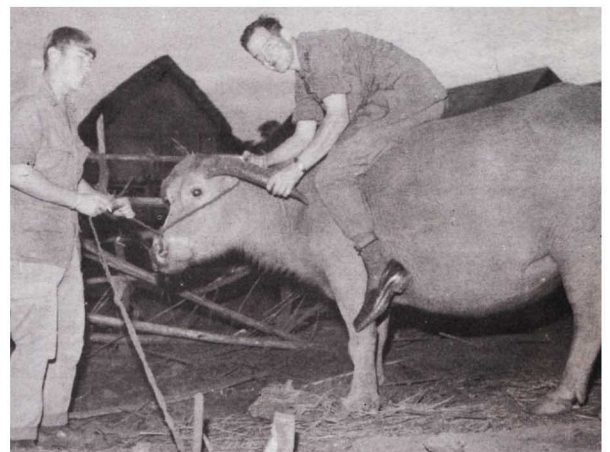

A Divorce?

See, right there. It says "rifles on the left side."

If we'd been around in Scarface Al's time...

Big squirrel!

First the bee comes along, and puts the pollen on the flower...

Do you see? The photographer's zipper is down.

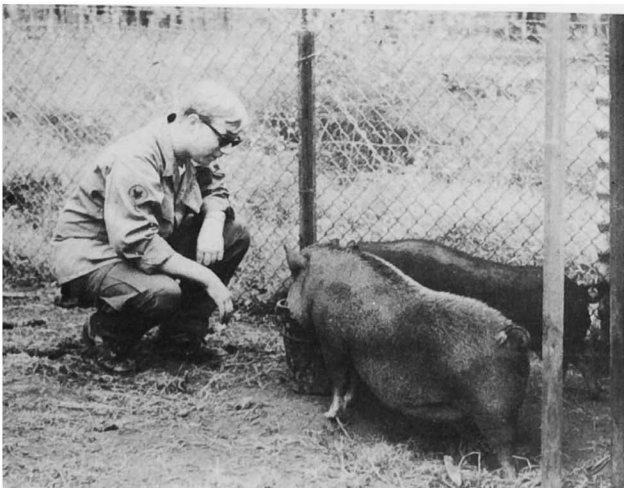

And after only six years of teaching the Thieu family modern birth control methods...

You expected a round-eye maybe?

I know 3 bucks is cheap for a basket, but...

So then I expressed what I thought was a pretty enlightened opinion.

From across the tracks.
