Bill Kindred 198th LIB, 23rd Infantry Division

Bill and I got together in 2013, he has been researching for 8 years and
sent me a 141 page LZ/FSB list. Bill is working the Goggles Earth and

I'm doing the 1:50,000 series paper maps.

If I left anyone out, send me an email, I'll add you to the list. It's been long hours and filing system is all over the place.

Eddie S. Tricker, Defense & Employment Platoon, HQ Company, 1st Australian Task Force - Australia

Eddie is pinpointing the Australian Firebases.

Eddie is pinpointing the Australian Firebases with grids and maps.

A Special Thanks to my nieces Kimberly, Kelsey, Jennifer Nelson and Jen's boyfriend Alberto, for their long hours putting all the grids to the correct map.

A Very Special Thanks to my loving wife Pamela. For the last 18 years, we've spent very little time together doing things. I have been 24/7 doing this project. At first she didn't understand what I was doing, now that she's seen the end results, she knows what it means to me and my fellow Vietnam Brothers.

The Terrain in the "VC Valley" area consist of a series of Forested valleys, forming a low plateau and surrounded by high rugged mountain ranges, rising to heights of 1551 meters. The mountains are generally covered with dense forest and jungle, with occasional bush and grass. Aerial reconnaissance is exceptionally poor and ground movement is limited by the choked underbrush.
