50	2020		84 reports: ambush patrol located at AQ 752176 at a trail junction facing North heard movement and talking of two (2) persons walking down the trail from N/E to S/W-5-8 meters prior to persons entering killing zone the point of the enemy unit opened fire to his flank and the enemy started to crawl away after the ambush returned fire. The ambush after checking for casualties and finding none heard movement again to their front. The ambush opened fire and triggered claymores, then withdrew to the rallyin point, Artillery fire was called in while the ambush returned to their company patrol base. All ambush returned/lo were called in to allow defensive concentrations to be fired and preparation for defense against attack. Size force estimated to be a small patrol. Enemy Casualties unknown	Sf3,6 Div	DFH
