

# CHARLIE BROTHERS

September 2017

Ed Northrup served as Company Commander of Charlie Company 1966 /67. For years a small group of men who served with him gather for their annual pilgrimage.

## They meet annually - friendship bonded in Nam Tight knit group meets in Wisconsin

Just north east of Green Bay, Wisconsin, is Door County, a popular vacation destination for those in the midwest. It's home to cherry orchards, bike trails, sailing ports and fine dining. This September (2017) the "Thumb" of Wisconsin brought Red Warriors to the area for their annual "stand down." All served together 1966/67.

Here an evening campfire, with their wives, make for the perfect end to the day.

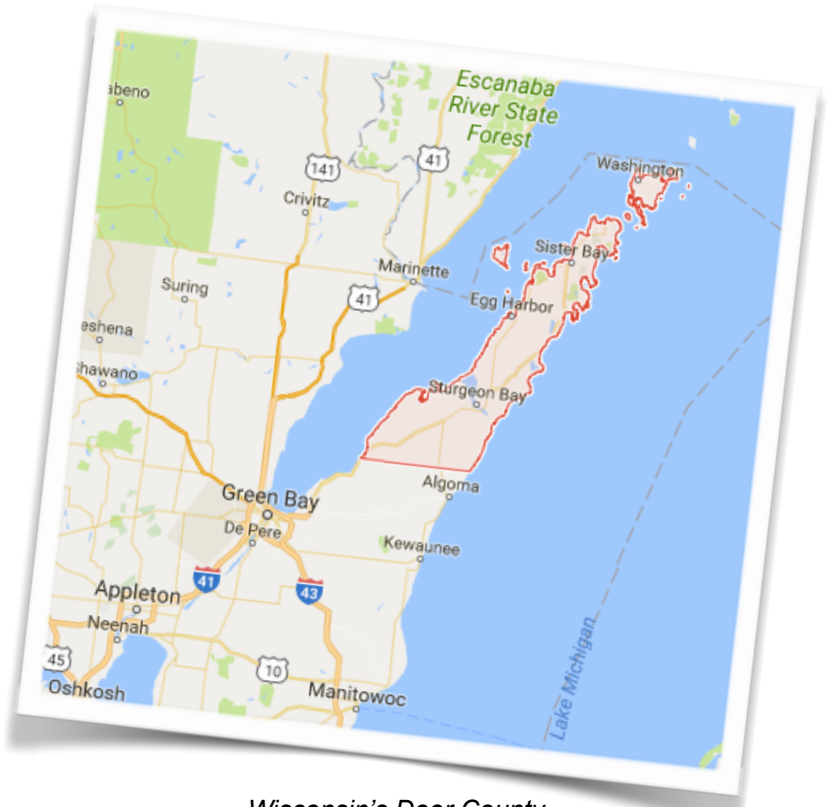

# 5 days of fun Wisconsin

By Dennis Witt

We spent Sep. 13 - 17 in a old, elegant seven bedroom home on the shores of Green Bay just south of Fish Creek. We get together once a year, somewhere in the country. We've been to Door County four times now and other places we've gone to have been Florida, Washington DC, Duluth, MN, and Charleston, SC.

We golfed, went to a play, took a ferry to Washington Island, miniature golfed, ate, drank, and laughed. Great group who love each other a lot.

Wisconsin's Door County

On the way to a Washington Island tour. The group enjoyed perfect September weather for their adventure on Lake Michigan.

*Accommodations - looks like the group had a great place to stay. Here a little relaxation in the evening with a glass of wine easily at hand.*

*Lots of time for renewing friendships, grilling steaks, and enjoying each others company*
